#### INSTRUCTIONS FOR FILLING THIS SCHEDULE.

This modified form of Schedule No. 1 is to be used in making the enumeration of Indians, both those on reservations and those living in family groups outside of reservations.

Detached Indians living either in white or negro families outside of reservations should be enumerated on the general population schedule (Form 7-224) as members of the families in which they are found; but detached whites or negroes living in Indian families should be enumerated on this schedule as members of the Indian families in which they are found. In other words, every family composed mainly of Indians should be reported entirely on this schedule, and every family composed mainly of persons not Indian should be reported entirely on the general population schedule.

This schedule c utains on each side twenty horizontal lines, each running twice across the page, and it is consequently possible to enumerate on it only forty persons (twenty persons on the A side and twenty persons on the B side). Each Indian should be carried through from the beginning to the end of the line on which he is entered, as line 1, line 2, etc., and each inquiry from column 1 to column 38 which applies to the individual case should be

Fill each column, so far as the inquiry applies, in accordance with the instructions for filling the corresponding columns in the general population schedule, but note the following additional instructions in relation to filling columns 1, 2, and 19:

COLUMNS 1 AND 2.—If you are canvassing a given territory with both the general population schedule (Form 7-234) and this schedule for Indian population, make two independent series of numbers for these column series in each kind of schedule, so that the last numbers on the two when added together will correctly give the wi

#### INSTRUCTIONS FOR FILLING THIS SCHEDULE.

This modified form of Schedule No. 1 is to be used in making the enumeration of Indians, both those on reservations and those living in family groups outside of reservations.

Detached Indians living either in white or negro families outside of reservations should be enumerated on the general population schedule (Form 7-324) as members of the families in which they are found; but detached whites or negroes living in Indian families should be enumerated on this schedule as members of the Indian families in which they are found. In other words, every family composed mainly of Indians should be reported entirely on this schedule, and every family composed mainly of persons not Indian should be reported entirely on the general population schedule.

This schedule contains on each side twenty horizontal lines, each running twice across the page, and it is consequently possible to enumerate on it only forty persons (twenty persons on the 4 side and twenty persons on the B side). Each Indian should be carried through from the beginning to the end of the line on which he is entered, as line 1, line 2, etc., and each inquiry from column 1 to column 38 which applies to the individual case should be answered.

COLUMNS 1 TO 28.—These columns are identical with those on the general population schedule. Fill each column, so far as the inquiry applies, in accordance with the instructions for filling the corresponding columns in the general population schedule, but note the following additional instructions in relation to filling columns 1, 2, and 19:

COLUMNS 1 AND 2.—If you are canvassing a given territory with both the general population schedule (Form 7-224) and this schedule for Indian population, make two independent series of numbers for these columns, one series in each kind of schedule, so that the last numbers on the two schedules when added together will correctly give the whole number of dwellings and of families visited and enumerated in your entire district.

COLUMN 19.—If the Indian has no occupation and is whelly dependent on the Government for support, write "Ration Indian." If he is purify self-supporting and partly dependent upon the Government, write the and then the letter "B" (for ration). If the letter is under tenuage and receives rations, write "Under age—R."
